Hatcheries:

Use 4 ounces of this product per gallon of water to treat the following hard non-porous surfaces: hatchers, setters, trays, racks, carts, sexing tables, delivery trucks and other hard surfaces. Leave the disinfecting solution for a period of 10 minutes. Ventilate buildings, coops and other closed spaces. Do not house animals or employ equipment until treatment is complete.

Veterinary Practice/Animal Care/Animal Laboratory/Zoos/Pet Shops/Kennels/Breeding and Grooming Establishments:

Remove all animals and feeds from premises, trucks, cars, coops and crates. Remove all litter, droppings and manure from floors, walls and waterers with soap or detergent, and rinse with potable water before reuse. Use 4 ounces of this product per gallon of water to saturate surfaces with the disinfecting solution for a period of 10 minutes. Ventilate buildings and other closed spaces. Do not house livestock or employ equipment until treatment is complete.

Disinfection/*VIRUCIDAL ACTIVITY OF POULTRY/TURKEY EQUIPMENT, SWINE QUARTERS, ANIMAL QUARTERS AND KENNELS DIRECTIONS:

Refer to Defoamer (aqua casein) or detergent to remove soiled surfaces. Thoroughly clean all surfaces with soap or detergent and rinse with water. Use 4 ounces of this product per gallon of water. Saturate surfaces with the disinfecting solution for a period of 10 minutes. Ventilate buildings and other closed spaces. Do not house livestock or employ equipment until treatment is complete.

DIRECTIONS FOR USE

For maximum effectiveness, thoroughly wet all surfaces with the disinfecting solution. Allow surfaces to remain wet for 10 minutes and then let air dry. In order to ensure adequate contact time, the area to be disinfected should be thoroughly wet or thoroughly saturated with the disinfecting solution. For heavily soiled or contaminated areas, a pre-cleaning step is required. Prepare a use-solution of 4 ounces of this product per gallon of water for a period of 10 minutes. Ventilate buildings and other closed spaces. Do not house livestock or employ equipment until treatment is complete.

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

Observe the following precautions when using this product:

* Do not use on non-porous surfaces.
* Do not apply to living animals.
* Do not use on plants, trees, shrubs or crops.
* Do not apply to fish or fish ponds.
* Do not apply to live stock or feed containers.
* Do not use near live poultry.
* Do not apply to swine in water tanks.
* Do not use on birds.

Hazardous Material Information:

This product is hazardous to humans and animals. Avoid contact with the eyes, mouth, or skin. Wash with soap and water after handling. Keep out of reach of children.

STORAGE AND DISPOSAL

This product is not compatible with some materials. A chemical reaction may occur and generate heat, flammable gas, or toxic fumes. Store this product in a well-ventilated area. Do not store in direct sunlight or in an area where the temperature will exceed 120°F. Do not mix or store with other chemicals. Storage temperature should be between 40°F and 70°F. Do not incinerate. For fire or explosion hazard, consult the fire department.

Disposal:

Disposal of this product must comply with Federal, State and Local regulations. Do not rinse returns into a sewer system. This product is not compatible with some materials. A chemical reaction may occur and generate heat, flammable gas, or toxic fumes. Store this product in a well-ventilated area. Do not store in direct sunlight or in an area where the temperature will exceed 120°F. Do not mix or store with other chemicals. Storage temperature should be between 40°F and 70°F. Do not incinerate. For fire or explosion hazard, consult the fire department.

PESTICIDE DISPOSITION STATEMENTS

DANGER: KEEP OUT OF REACH OF CHILDREN. CORROSIVE: Causes immediate eye damage and skin burns. Do not get on skin or in eyes. If swallowed, wash out mouth with water and call a doctor. If eyes are exposed to this product, wash with water for at least 15 minutes. In case of skin damage, wash with soap and water. If on clothing, remove clothing immediately. If swallowed, wash mouth with water for at least 15 minutes. In case of eye exposure, wash with water for at least 15 minutes. Do not rinse returns into a sewer system. This product is not compatible with some materials. A chemical reaction may occur and generate heat, flammable gas, or toxic fumes. Store this product in a well-ventilated area. Do not store in direct sunlight or in an area where the temperature will exceed 120°F. Do not mix or store with other chemicals. Storage temperature should be between 40°F and 70°F. Do not incinerate. For fire or explosion hazard, consult the fire department.
